Provider Information about Service Delivery and Pricing

Belconnen Community Service (BCS) has been a part of the local community for the past 44 years and provides a wide range of high quality, integrated and inclusive programs and services to individuals in the ACT Region. We are a long time and well trusted provider in the local community. We work with community members, local organisations and businesses to develop responsive programs, services and activities. Our main aim is to support self-determination, independence at home and reduce social isolation. Strong relationships with government and other community services enhance BCS's capacity to achieve our vision of an inclusive, connected community.

Our Person Centred Practice Framework, skilled and well trained staff will listen to your needs and assist you to develop your goals as your desired outcomes are as important to us as they are to you. We also encourage and provide a strong culture of social community connections. This is shown in the delivery of both individual and group based supports run in your home and at the Belconnen Community Centre and in and around the ACT.

Care Management

Approach to care management

BCS Values of Respect, Optimism, Inclusion, Integrity and Stewardship are reflected in all aspects of the Care Planning and Services we deliver. Choice and control of how this is delivered is in your hands at all times as our approach to Care Management is person centered. We believe that having well trained and highly skilled staff is a great benefit to our participants and we work in collaboration with you to achieve your goals. If what you need is outside of the Common Services listed here then our Coordinator can help with this. This could be referrals to other providers, liaising with your GP, researching and sourcing new and exciting ways that enable you to stay independent in your home This process is ongoing throughout your time with us and as one goal is achieved another goal may become more apparent. We recognise that participants also require a safe space to be able to voice their opinions and concerns and our policies and procedures provide options to support you with this.
